Winter Break Dec 24- Jan 4

Everyone is asked to sign up for TWO emergency sub shifts for the quarter. The emergency sub plan isn't for days you know you will miss (ie out of town, vacation, appointment). Emergency sub shifts are for same-day emergencies when folks are unable to arrange to switch workdays (ie today is my workday, my child woke up sick). If you know your child is sick *the night before*, please get on email/ phone to request someone to cover.

On the day of your shift, confirm if the child to parent ratio (3:1) is appropriate when you drop off, waiting until all the parents arrive and ratio is met before leaving; or staying to sub if the ratio is not met and there is an emergency. Of course if it is your workday and you have an emergency (ie sick child), please email the listserv with this information.

The hope is to alleviate the stress of the scramble to make sure the ratio is met each day and most importantly, to decrease the risk of having to cancel a class. Please let me know if you have any questions or concerns about this new plan.
