

# Seed Song

By Tom Hunter

A lot of \_\_\_\_\_ start from seeds so small  
You gotta look close or you can't see them at all  
Hard to believe \_\_\_\_\_ grow so tall  
From seeds that start so small

Sun comes up (sun comes up)  
And the rain comes down (rain comes down)  
And the seeds get planted in the fertile ground  
If you listen real close you can hear the sound  
Of \_\_\_\_\_ starting to grow
